

Diagrams: "A Formula For Tactical Football Management."

These are the Diagrams, describing Formations in the game of Football, Diagram 2. Is for starting Each Half. 4 x 4 x 2 Formation in my Book is the main one, start with and it's the best to train with, and this book is written, with this formation is key, the others I mention, are In-Play Formations.

Diagrams 3. To Diagram 6. Are what I call In-Play Diagrams.

Diagram 7. This the Diagram for Set-Piece One.

Diagrams 8, and 8A. are explaining Diagrams of Oppositions, and Attacking, positions showing weaknesses, and strengthen, when teams in defense or attack.

Diagram 1. Is a historical formation, which was devolved as standard, in Britian in early 1900s after a meeting in the late 1800s, to put some regulation onto the way the game had been played, one

and rules reference the players. Diagram 1. Was the development, of team formation which lasted in Britain from the early 1900 right up till 1962 when Nicolson of Tottenham Football Club, was the manager to use the Diagram 2. Formation, and that has lasted till today.

Diagram 1. Print, is a printable version of the historical formation, maybe someone will use it, I played it when a boy, so did your grandparents.
